For Immediate Distribution
Date: June 10, 2004

Contact Person: Captain Darren Pautsch Phone: 920-929-3761
Sergeant Colette Sykora

Several Fond du Lac County residents experienced devastating effects of severe flooding following a series of storms that swept through the area in Mid-Late May. Fond du Lac County has been in contact with the Federal Emergency Management Agency (FEMA) to attempt to seek Federal funding to help families and businesses recover from the damaging effects of the flooding.

The Village of North Fond du Lac is gathering flood damage information that will be shared with the Fond du Lac County Emergency Management Office. Village employees from the police, fire, and EMS departments will be gathering information from residents and businesses in areas of the Village that likely experienced flood damages.

Although there are no guarantees that FEMA will be granting any type of funding, it is important, we provide them with the most accurate information possible. Due to the urgent speed at which this information needs to be collected, we will be unable to personally visit every residence. If you have experienced flood damages, we would like to hear from you. Please contact the Police Department at 920-929-3761.
