In August, the North Fond du Lac Police department advised the community of a rash of vandalisms that had occurred in the northern part of the Village during July, and asked for public assistance in solving those cases. As a result of that public notification of the problem, a tip to the police department has led to the arrest of five juveniles. An observant faculty member at the high school witnessed something that they felt might be related to the vandalism and forwarded that information to the school resource officer. During the subsequent investigation, police identified five individuals, who are 13 and 14 years old, that have been referred to Juvenile Intake authorities for charges of Damage to Property at 14 different addresses in North Fond du Lac. Police received a number of reports of acts of vandalism including hammocks being damaged, above ground swimming pools being punctured, a trampoline being cut and towels hanging on a clothesline being lit on fire. Total damages incurred in these incidents exceed \$2,200.
