The North Fond du Lac Police Benevolent Association and North Fond du Lac Optimist Club recently partnered to purchase and donate more than eighty decorative street banners to the Village of North Fond du Lac. Both groups have a long history of helping to fund a wide variety of community improvement projects. The purchase cost of the banners was more than \$2,000.

The Village accepted the banners and has installed them on the light poles on both Prospect Avenue and Winnebago Street. The banners, which are bright red in color, offer a simple “Welcome” to visitors to the community and other passing motorists and pedestrians.
